

## **VMAC Awarded Canada's Best Managed Companies Gold Standard Designation**

Nanaimo, B.C. — VMAC was recognized with the prestigious Canada's Best Managed Companies designation for the fourth consecutive year, becoming a Gold Standard winner as a result. VMAC won its initial Best Managed award in 2019 and has successfully retained its status through 2022.

"VMAC is thrilled to be recognized as a Best Managed company and reach the Gold Standard milestone," said Tod Gilbert, President, VMAC. "We demonstrated our commitment to innovative, world-class business practices that support our company, our coworkers, and our community, and we are honoured to see that commitment recognized on a national level."

Canada's Best Managed Companies continues to be the mark of excellence for Canadian-owned and managed companies with revenues over \$50 million. Every year, hundreds of entrepreneurial companies have competed for this designation in a rigorous and independent process that evaluates their management skills and practices. "The 2022 Best Managed winners exemplify innovation, adaptability, and resilience in the face of uncertainty," said Derrick Dempster, Partner, Deloitte Private and Co-Leader, Canada's Best Managed Companies program. "Over the past year, these forward-forging companies have pivoted to successfully respond to challenges and capitalize on new opportunities, leveraging industry-leading competencies to maximize their investments and drive sustainable growth."
